Matt Baird telephoned with regard to [REDACTED]. This is the man whom the FE Division offered to Matt, along with a slot, sometime ago. At that time I declined to allow the Division to transfer this slot to the Office of Training. However, Matt

now says that he has a slot, that [REDACTED] has been doing an outstanding job for the Office of Training, and that he, personally, has looked into the situation with great care and wants to transfer him to his shop. I told him that if he had gone into the

matter to this extent and wanted [REDACTED] I would offer no objection.
